Important request

Dear Sir,

I wish to advise you that between May 17th 2002 and March 13th 2003, thirteen (13) applications for a Canadian patent were hand delivered and deposited at your Canadian offices in Ottawa.

In November 2003, these thirteen (13) applications were combined in one new application, which was also deposited PCT, and the thirteen (13) applications were kept in priority date, as described in **document 1** attached, bearing PCT Number PCT CA 003/00713.

The French title of the application is : **'Machines post rotatives, rétrorotatives et bi rotatives.**

The English translation for the application is : **Post rotative, retrorotative and bi rotative machines.**

The PCT publication number for the PCT application is : **WO 03098005**

On November 10th 2004, the PCT application was deposited in regionalization in Europe and in the United States.

The documents that were sent were the following:

- The original version of the invention containing approximately 325 pages..
- The data sheet required by your office, as per **document 2 attached.**
- The bank draft settling the amount owed for the taxes for item which was deposited, as per **document 3 attached.**

(It is to be noted that the bank draft has been cashed by your departement).

The above-described documents were all sent by Purolator, as per **Document 4** attached.

In January 2005 , the English translation of the application along with a copy of its formal drawings were sent to your offices. This mailing was sent by registered mail with Canada Post.

Over seven months after the initial deposit of the application, I made several calls to your department in order to inquire the status of my application and was told that this delay was normal. On June 16th 2005, I finally spoke to Miss Amita from your department who asked me to fax over the 'information request' at fax number 1-793-746-6608, as per Document 5 attached, which I did.

On June 17, Miss Amita called me back and advised me to contact someone in the PCT department in order to get an answer for the above fax I had sent her. I proceeded to contact the PCT department and spoke to a responsible person who told me that they had in fact received my application, bearing the US number 10- 504 -403.

In September 2005, having still not received anything from your office since day one, I tried to transfer the control of my application over to my patent agent but was told by the latter that the application could not be found with his internet search.

In conclusion, I am asking you to kindly provide me with the my exact application number and a copy of the deposit certificate that goes with it, in order for me to be able to transfer it to my patent agent.

For the time being, it is impossible for me to know if the taxes have been paid correctly and if the translation and formal drawings have been properly joined to my file.

I am hoping that with all of the above information, it will be possible for you to locate my application and advise me if my application is order.

If you have any questions, you can contact e on my Canadian telephone numbers which are :

1-450-431- 0787 (telephone and fax number)
1-514-772 8806 (telephone number).

Information request

Dear Miss Amita,

As discussed with you during our telephone conversation of June 3rd 2005 and as you will notice in the attached documents that have already been sent to the Director of Office Finances on November 10th 2004, it was understood and agreed that, relative to our PCT application number Pct/CA03/00713 for the U.S.A regionalization (patent):

- the application included:

- i) the actual application.
- ii) an additional document containing the tax disbursements and the single bank payment made by our company 'Moteur Novalia'.

- in January 2005, we sent the english translation of the above-mentioned application along with its formal drawing to the 'Commissaire' of U.S.A. patents.

- back in March and April 2005, we contacted your office in order to verify that the documents had in fact been received by your office and we have also recently received confirmation by our bank that the payment for the U.S.A. patent has passed through our account.

Kindly find attached the following documents;

- a) the Purolator receipt for the November mailing of the documents described above.
- b) the bank payment to the Director of U.S.A and trademark patent office.
- c) the document from Canada Post for the January mailing

described
above.

d) copy of the data sheet that was included with the mailing of
November

We hope that with the bank draft number and the dates mentioned
above, you will be able to locate my application and that a number can
be provided for it and conveyed to us.

In conclusion, would you kindly acknowledge receipt of this letter and
send us your written reply at the address mentioned in our attached
application.

We would appreciate if in your reply, you would include the conclusion
of your search, your comments concerning the above request and
ideally, the number that will be provided by your office to our
application, whether the original documents have been located or not.

We thank you in advance for your cooperation and prompt reply.

Regards,

A handwritten signature in black ink, appearing to read 'Dr. Normand Beaudoin', written over a horizontal line.
